About Me

I am a passionate Front-End Developer with a strong interest in building responsive and user-friendly web interfaces. I have a good understanding of HTML, CSS, JavaScript, and tools like React. My goal is to become a Senior Front-End Developer in the next 2–3 years by learning and improving my skills in modern front-end technologies.

WORK EXPERIENCE

2023-2025
TO THANH XUONG CO., LTD
Operations Staff
- Managed customer rental records
- Coordinated delivery and pickup of costumes with clients and shipping staff
- Monitored inventory status
